This balance was further segmented into \$374M in pension-related funds (Employee Withholdings and Pay-Go Charges), \$142M in Central Government non-TSA funds (lottery-related funds and other funds held and administered by central government agencies), and \$64M held TSA Sweep Accounts that collect income and completely pass through to TSA on a daily basis (includes General Collections Posts, Agency Collections Posts, and SUT). As further set forth in the Bank Account Balance Report, processes are currently in place to continue evaluating the accounts, including analyzing the cash inflows and outflows and reviewing legal restrictions relative to funds deposited into the bank accounts.*

Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report, supporting schedules and Liquidity Plan to actual variance analysis.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Beginning April 2016, TSA receipts are deposited in a commercial bank account rather than the Government Development Bank for Puerto Rico ("GDB").
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"), and transferred to the TSA only after admissible disbursements (per approved Project Worksheets) have been made. These inflows to the TSA will be captured on the Federal Funds Receipts (Schedule C); outflows will be captured on the Vendor Payments (Schedule E).
- Data for TSA inflows/outflows is reported from various systems within the Department of Treasury of Puerto Rico ("DTPR"):
 - Cash Flow Actual Results - Source for the actual results is the TSA Cash Flow.
 - Schedule A - Collections - Source for collections information is the DTPR collections system.
 - Schedule B - Agency Collections - Source for the agency collections is DTPR.
 - Schedule C - Federal Fund Receipts - Source for the federal funds receipts is DTPR.
 - Schedule D - Net Payroll - Source for net payroll information is the DTPR Rhum Payroll system.
 - Schedule E - Vendor Payments - The source for vendor payments is the Bank checks paid report and a report from the DTPR PRIFAS system.
 - Schedule F - Other Legislative Appropriations - Source for the other legislative appropriations is DTPR.
 - Schedule G - Central Government - Partial Inventory of Known Short Term Obligations - Sources are DTPR.
 - Schedule H - Budget Allocation of the Reconciliation Adjustment for the Central Government Loan to PREPA - Source is the Office of Management and Budget
- Data limitations and commentary:

The government has focused on the seven schedules above for which access to reliable, timely, and detailed data is available to support these items. The government continues to work with DTPR and other parties to access additional reliable data that would help us provide detail in the future for other line items in the Cash Flow.

FY 2018 TSA Forecast Key Assumptions

- *The FY 2018 Treasury Single Account cash flow forecast Liquidity Plan was prepared at the beginning of the fiscal year based on the approved FY 2018 Budget, was projected monthly through June 2018, and is used as the benchmark against which weekly results and variances are measured. As a result of material economic and operational changes stemming from Hurricanes Irma and Maria, DTPR is in the process of developing a reforecast of TSA cash flows to year-end. Until then, the original TSA forecast will continue to serve as the measure for weekly cash flow variances.*
- *Forecast collections and disbursements through the General Fund and Federal Fund are consistent with the approved FY 2018 Budget, with the exception of payroll outlays which were forecast based on run-rate cash disbursement trends, and budget reserves which are non-cash and do not impact the TSA direct cash flows.*
- *TSA General Fund inflows are "gross" (i.e. include accrued Tax Refunds in 2018) and therefore higher than presented in the approved FY 2018 Budget, which considers General Fund revenues net of current year tax refunds. Repayment of deferred tax refunds (from CY 2016 and prior) total \$292mm; reserve for current year tax refunds (excluding garnishments) total \$456mm.*
- *Payroll outlays are based on FY 2017 run-rate disbursements, less savings measures, representing a \$298mm favorable adjustment to the approved FY 2018 Budget for the full fiscal year. Payroll is presented inclusive of segregated employee contributions (\$349M for the year). Payroll is disbursed through the TSA on a bi-weekly basis, approximately on the 15th and 30th of each month.*
- *Pensions reflect the implementation of the pay-as-you-go model in FY 2018. Retirement system inflows represent deposits from municipalities and corporations net of administrative expenses. Figures also include ERS / TRS / JRS asset sales (\$390M), which occurred in July 2017.*
- *The Liquidity Plan assumes collections and outlays of Federal Funds are equal in FY 2018 (zero net cash impact), excluding potential timing impact.*
- *Clawback funds set aside prior to June 2016 (approx. \$146mm held at BPPR accounts and \$144mm held at GDB) are considered restricted cash and therefore excluded from the projected cash balance.*
- *The Liquidity Plan assumes \$592mm of Reconciliation Adjustment as per the approved FY 2018 Budget and March 13 certified Fiscal Plan, which is projected separately from supplier payments and distributed evenly over 12 months. No further provision has been made for potential contingent liabilities against the government.*
- *The Liquidity Plan assumes that beginning November 2017, COFINA SUT collections flow to the General Fund and are available to the TSA for operational purposes, totaling approx. \$316mm in incremental collections in the forecast. However, these funds flowed to the COFINA bank account (BNY Mellon), which created a permanent variance of -\$316mm against the Liquidity Plan.*

Executive Summary - TSA Cash Flow Actual Results

As of June 1, 2018

Key Figures as of 06/1/2018				
\$2.82bn	(\$282M)	(\$31M)	\$1017M	\$650M
Bank Cash Position	Weekly Cash Flow	Weekly Variance ^(a)	YTD Net Cash Flow	YTD Net Cash Flow Variance ^(a)

Weekly Cash Flow Variance (\$31M):

Weekly variance mainly due to: (1) +\$197M in Federal Fund Receipts (mostly permanent, due to additional Medicaid funding provided for in the Bipartisan Budget Act of 2018); (2) +\$49M Reconciliation Adjustment (potentially permanent); (3) -\$65M in Net Payroll Related Costs (temporary); (4) -\$82M in HTA Appropriations (permanent); and (5) -\$176 in ASES Appropriations (temporary). All other line items have a total weekly variance of +\$46M.

YTD Net Cash Flow Variance \$650M:

Weekly Cash Flow variance (above) decreased the YTD Net Cash Flow variance to +\$650M from +\$681M. The primary drivers of the +\$650M YTD variance are Reconciliation Adjustment Outflows (+\$543M, temporary / potentially offset by reapportionments), Vendor Disbursements (+\$517M, partially temporary) and +\$432M in federal funds received for the Medicaid Program (permanent, due to additional Medicaid funding provided for in the Bipartisan Budget Act of 2018). Positive cash flow variances are partially offset by lower federal funds received for Vendor Disbursements (-\$574M, partially temporary), Sales & Use Tax Collections (-\$361M, mostly permanent), Net PREPA Loan Outflows (-\$151M, temporary), and others.

Footnotes:

(a) Variances represent actual results vs. FY2018 Liquidity Plan. Additional detail and commentary on weekly and YTD variances is provided on pages 7 and 8 of this report.

Bank Cash Position	Weekly Cash Flow	Weekly Var	YTD Net Cash Flow	YTD Net Cash Flow Variance

Notable variances^(a) for the week ended June 1, 2018:

+\$197M	Inflow - Federal Fund Receipts	(Mostly Permanent) Variance is largely due to \$202M in federal funds received for the Medicaid Program. As documented below, federal funds received after 3/31 for the Medicaid Program, and for the remainder of the year, are incremental to the amount projected to be received in the Liquidity Plan and will result in permanent positive variances.
+\$49M	Outflow - Reconciliation Adj.	(Potentially Permanent) Variance has been deferred until later this fiscal year. Refer to Schedule H for reapportionments of the budgeted Reconciliation Adjustment that has been repurposed thus far in FY2018.
-\$65M	Outflow - Net Payroll	(Temporary) Variance is related to the timing of payroll disbursements and offsets the previous week's variance, as payroll forecast for 5/25 was actually paid on 5/29.
-\$82M	Outflow - HTA Appropriations	(Permanent) Variance due to additional transfers in funds to support Capital Expenditures and congestion management initiatives for HTA, consistent with the Revised Fiscal Plan.
-\$176M	Outflow - ASES Appropriations	(Temporary) Variance is due to the timing of federal funds received for the Medicaid Program and the subsequent pass-through appropriation to ASES, and offsets previous YTD timing.
+\$46M	All Other Inflows & Outflows	Includes Retirement System Inflows (+\$23M), Tax Refunds (+\$20M), Vendor Disbursements (-\$24M), and others (+\$27M).

Notable YTD variances^(a) as of June 1, 2018:

-\$361M	Inflow - Sales & Use Tax	(Mostly Permanent) YTD permanent variance is driven by: (1) Liquidity Plan assumed \$316M of COFINA funds would flow to the General Fund but instead, the funds were deposited in the COFINA accounts; (2) lower than anticipated collections due to lost revenues from Hurricane Maria's impact on economic activity; (3) temporary sales tax exemption on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively). Additionally, various other offsetting and competing drivers have influenced gross SUT month to month, including a shift in buying mix from smaller, less SUT compliant stores to larger, more SUT compliant retailers.
-\$151M	Outflow - Net PREPA Loan	(Permanent) \$300M in funds relating to a loan from the Central Government were transferred to PREPA from the TSA on February 23, 2018. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, separate payments totaling \$149M YTD were made to the TSA from PREPA (see Net Inflow PREPA below). YTD variance is considered permanent variance to the FY2018 Liquidity Plan, as additional funds repaid to the TSA may subsequently be re-drawn by PREPA if necessary.
-\$12M	Inflow - General Collections	(Mostly Permanent) Principally due to the negative impacts caused by Hurricane Maria. The largest YTD collections variances are -\$117M in Act 154 collections, -\$105M in Nonresident Withholdings, -\$91M in Individual Income tax collections, partially offset by +\$189M in Corporate Income Taxes, +\$156M in HTA Pass Through collections (Petroleum & Gas Tax collections constitutes the majority of the favorable YTD variance) and others.
+\$243M	Inflow - Federal Fund Receipts	(Temporary) YTD variances in federal fund receipts are a result of: (1) Lower vendor disbursements: \$574M lower-than-projected federal reimbursements for vendor payments, partially offset by disaster-related federal reimbursements for vendor payments not considered in the Liquidity Plan (+\$107M offsetting variance); (2) Additional federal funds received for federal programs: Disbursements for the Nutritional Assistance Program (+\$139M offsetting variance) and ASES pass-through Medicaid funds (+\$432M offsetting variance) represent permanent differences, as additional federal funds incremental to the Liquidity Plan were unlocked for Nutritional Assistance and Medicaid. The Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the original Liquidity Plan and may approximate \$448M by fiscal year end. Furthermore, the Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017 provided for additional Nutritional Assistance funding that was not considered in the original Liquidity Plan and may approximate \$250M by fiscal year end. (3) Other: Lower federally-funded payroll disbursements as a percent of total payroll versus the Liquidity Plan (-\$56M variance); and an additional +\$141M of timing variances.
+\$543M	Outflow - Reconciliation Adj.	(Temporary / offset by reapportionments) \$151M of the YTD Variance is offset by the Net Loan outstanding to PREPA (\$300M loan to PREPA less \$149M in loan repayments due to PREPA's excess revenue collections). The \$300M original loan repurposed portions of the Reconciliation Adjustment (RA) that is budgeted at the agency level. Additional reapportionments of the RA include: (1) \$80M in funding for the Department of Transportation that repurposed portions of the RA by agency to provide funding for an intensive capital improvement program; (2) \$11M that was repurposed to acquire Microsoft Grant Management Solutions (GMS), which will permit the OMB and up to five other government agencies to monitor, access, and manage allocation programs of federal funds; and (3) \$78M that was repurposed for the creation of the Emergency Municipal Assistance Fund, through which \$1M in funding is assigned to each of the 78 Puerto Rico Municipalities to cover operational and administrative costs (see Schedule H for additional detail). Remaining YTD variance has been deferred to later this fiscal year.
+\$517M	Outflow - Vendor Disbursements	(Partially Temporary) The largest portion (\$467M as of 5/31) of YTD variance is related to federally-reimbursable disbursements, approximately 65% of which the Liquidity Plan projected would relate to budget period 2017.
-\$129M	All Other Inflows & Outflows	Largest variances included are Retirement System Inflows (-\$96M), Agency Collections (-\$66M), outflows for the Nutritional Assistance Program (-\$193M), Pension Related Costs (+\$140M), appropriations to ASES (+\$45M), Rum Tax collections (+\$78M) and others (-\$37M).

Key Cash Flow Risks to Liquidity Plan through June 30, 2018:

PRASA	On Friday, May 25, 2018, the Oversight Board approved an \$80 million TSA loan to support PRASA's liquidity. The proceeds of the loan are expected to be disbursed to PRASA by the end of June and will temporarily delay PRASA's liquidity shortfall.
Other Public Corporations	The Puerto Rico Ports Authority (Ports), the Medical Services Administration (ASEM), or the Puerto Rico Integrated Transit Authority (PRITA) may potentially require funds to be transferred from the TSA to support their liquidity needs and continue to fund their operations for the remainder of the fiscal year.
Title III Spend & Municipal Recovery Fund	TSA funds have been required to cover additional non-budgeted Title III spend throughout 4Q (the total may approximate \$140M by fiscal year end) and to set up the Municipal Recovery Fund (\$78M). From a budgetary perspective, funds have been and may continue to be reapportioned from noncash budgetary reserves to provide for this spend. Refer to Schedule H for additional detail.

Key Cash Flow Opportunities to Liquidity Plan through June 30, 2018:

Bipartisan Budget Act of 2018 (Disaster Relief and Medicaid Program Funding)	The Bipartisan Budget Act of 2018 (The Act) passed by Congress on 2/9 includes provisions for additional disaster relief funding for Puerto Rico that will translate into positive cash flows against the Liquidity Plan. Additionally, The Act provides for federal funds to support Puerto Rico's public health care costs for the next two years. In the Liquidity Plan, federal fund inflows for the Medicaid program (ASES) were forecast to run out in March 2018, with the remaining \$448M required for Premiums & Claims costs at ASES to be paid out of the TSA (budgeted as Special Revenue Funds). The additional Medicaid funding package as recently passed by the US Government will positively impact the TSA ending cash balance by the previous "gap" in funding of \$448M.
Corporate Income Tax & SUT	Based on strong April results and preliminary May collections, Corporate Income Tax receipts and Sales & Use Tax collections may continue to outperform Liquidity Plan throughout the remainder of the fiscal year. Corporate Income Taxes have been higher due to revenues from companies engaged to participate in disaster recovery / reconstruction efforts, and the additional economic activity due to those efforts has also positively impacted Sales & Use Tax revenues.
Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017	The Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017 passed into law on 10/26/2017 provided for up to \$1.27bn in USDA funds previously provided for the Supplemental Nutrition Assistance Program (SNAP, formerly known as the food stamp program) contingency reserve to provide a grant to Puerto Rico for disaster nutrition assistance. This temporary assistance distributed through the Puerto Rico Nutrition Assistance Program (NAP) began March 1, and funds made available to Puerto Rico under this law shall remain available for obligation by the Commonwealth until September 30, 2019, (incremental to the FY 2018 Certified Budget). Through June 30, 2018 this is expected to yield a cash flow opportunity of \$250M.
Petroleum & Gas Taxes	Strong Petroleum & Gas tax collections continued throughout 4Q providing additional positive variance in collections. YTD collections variance for this revenue stream is +\$156M, largely driven by unplanned increases in demand for oil to run power generators. YTD variance has partially offset other revenues that were negatively affected due to the Hurricanes.

(Figures in \$000s)		Price Variance	Actual	Forecast	Variance	Actual YTD	Forecast YTD	Variance YTD	Comments (k)
	Schedule	YTD 5/25	6/1	6/1	6/1	6/1	6/1	6/1	
General & Special Revenue Fund Inflows									
1 Collections (a)	A	(\$205,081)	\$61,680	\$53,525	\$8,156	\$7,225,925	\$7,238,277	(\$12,352)	1 Weekly variance was mainly from higher Individual Income Tax payments (+\$6M) and Corporate Income Tax Collections (+\$4M) that are most likely permanent in nature, and may stem from the positive impacts of FEMA spend and recovery efforts outweighing other negative impacts associated with reduced economic activity, out-migration and deductions related to damages. The largest YTD collections variances are -\$117M in Act 154 collections, -\$105M in Nonresident Withholdings, -\$91M in Individual Income tax collections, partially offset by +\$189M in Corporate Income Taxes, +\$156M in Petroleum & Gas taxes.
2 Agency Collections	B	(71,218)	10,260	5,181	5,079	431,245	497,385	(66,140)	2 YTD variance mainly due to -\$33M lower in Department of Health collections and -\$32M lower in Treasury collections, with the remaining variance spread across 40+ other agencies. The majority of YTD variance (-\$62M of total) is due to collections shortfall in September and October following Hurricane Maria, and may be permanent.
3 Sales and Use Tax		(364,678)	13,304	9,855	4,049	1,408,207	1,768,835	(360,628)	3 YTD variance is mostly permanent, due to -\$315M in COFINA SUT collections flowing to the COFINA bank account that were not considered in the Liquidity Plan, lost revenues from Hurricane Maria's impact on economic activity, and temporary sales tax exemptions on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively), and various other competing drivers.
4 Excise Tax through Banco Popular		(30,453)	—	21	(21)	518,065	548,509	(30,474)	5 YTD variance is assumed to be permanent, and the trend of higher collections in this revenue stream could continue in June. Stronger Rum Tax collections are a result of (1) higher than projected volume of exports; and (2) increase of Rum Tax per unit to \$13.25 per proof gallon from \$10.50 per proof gallon, effective as of January 2018.
5 Rum Tax		77,889	—	—	—	21,789	39,800	77,889	8 The majority of YTD variance is due to not yet receiving PayGo payments from PRASA and other public corporations & municipalities.
6 Electronic Lottery		(16,626)	—	—	—	105,380	22,006	(16,626)	11 YTD variances in federal fund receipts are a result of: (1) Approximately -\$574M lower-than-projected federal reimbursements for vendor payments; (2) disaster-related federal reimbursements for vendor payments not considered in the Liquidity Plan (+\$107M offsetting variance); (3) greater disbursements for the Nutritional Assistance Program (+\$193M offsetting variance); (4) ASES pass-through Medicaid appropriations (+\$432M offsetting variance); (5) lower federally-funded payroll disbursements as a percent of total payroll versus the Liquidity Plan (-\$56M variance); and an additional +\$141M of timing variance. Note the Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the original Liquidity Plan. As such, federal funds received after 3/31 for the Medicaid Program, and for the remainder of the year, are incremental to the amount projected to be received in the Liquidity Plan and will result in permanent positive variances. Furthermore, the Additional Supplemental Appropriations for Disaster Relief Requirements Act of 2017 provided for additional Nutritional Assistance funding that was not considered in the original Liquidity Plan. The Commonwealth began to use these funds as of March 1st and the additional resources will remain available to Puerto Rico until September 30th, 2019.
7 Subtotal - General & Special Revenue Fund Inflows		(\$425,494)	\$85,845	\$68,583	\$17,262	\$9,906,581	\$10,314,813	(\$408,231)	12 YTD variance mainly due to +\$43M higher in Petroleum import tax collections and +\$15M in a one-time transfer from the Puerto Rico Tourism Company, with remaining variance due to higher non-recurring inflows across various programs and agencies, all of which are assumed to be permanent variances against the Liquidity Plan.

Footnotes:

(a) Following a Federal Court Ruling on February 19, 2018 that approved a loan request in the amount of \$300M to PREPA from the TSA (funds transferred to PREPA on 2/23), \$300M was repurposed from the Reconciliation Adjustment budgeted at the agency level, and use of approved budgeted amounts for the Reconciliation Adjustment from among 14 agencies provided the funding for this loan to PREPA. Refer to the above schedule for the detailed budget allocation by agency. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, separate payments totaling \$149M YTD were made to the TSA from PREPA (see Net Inflow PREPA on page 7 of this report). However, the total \$300M reapportioned amount is considered permanent variance to the FY2018 Liquidity Plan, as additional funds repaid to the TSA may subsequently be re-drawn by PREPA if necessary.

(b) The Transportation and Public Works Department (DTOP) requested and was granted authorization to transfer \$80M from the Reconciliation Adjustment (General Fund accounts 111, 141), to its capital improvement program (concept 081), to execute an intensive initiative commencing May 26th, 2018. Though the project will commence in FY2018, there are not expected to be any actual cash outlays until the next fiscal year.

(c) The Office of Management and Budget (OMB) requested and was granted authorization to reapportion \$11M from the Reconciliation Adjustment for the purpose of acquiring Microsoft Grant Management Solutions (GMS). The implementation of GMS will permit the OMB, and up to five other government agencies, to monitor, access, and manage allocation programs of federal funds.

(d) Law 96-2018, approved on May 8, 2018, provided for the creation of the Emergency Municipal Assistance Fund, through which \$1M in funding is assigned to each of the 78 Puerto Rico Municipalities to cover operational and administrative costs in light of any declines in collections resulting from Hurricanes Irma and Maria. \$78M was thus repurposed from agencies' budgeted Reconciliation Adjustment to provide for the creation of the aforementioned Emergency Municipal Assistance Fund.
